Dear Chairman and Leader,

CONCERN OVER THE CONDUCT OF SOME SENIOR PARTY OFFICIALS

I greet you in the name and spirit of our glorious party - the All Peoples Congress. I write in connection with the conduct of four comrades holding leadership positions in the party. The comrades in question are Hon Chernor R M Bah - Acting Regional Chairman, Western Region and member of the National Advisory Committee, Madam Finda Diana Konomanyi - Regional Chairman, Eastern Region and member of the National Advisory Committee, Comrade Sidi Yayah Tunis - Acting National Publicity Secretary, Comrade Lansanah Fadika - Deputy National Organising Secretary Two.

Hon. Chernor R M Bah at a party meeting in Kambia on Friday 8th January 2021 among other things publicly endorsed and declared his support for one APC Flagbearer Aspirant - Dr Samura M W Kamara for the 2023 Presidential elections. Similarly, Madam Finda Diana Konomanyi at a gathering of APC members in Makeni on Saturday 9th January 2021 announced the same position as Hon Chernor R M Bah, and so did Comrade Sidi Yayah Tunis at another gathering of APC members. In addition, Comrade Lansana Fadika has for nearly a year now served on the campaign team of the same Flagbearer Aspirant - Dr Samura M W Kamara, sometimes, acting as Campaign Chairman. I forward herewith some video and audio recordings confirming the above.

Mr. Chairman and Leader let me hasten to state that I have no problem with any comrade endorsing any aspirant of his/her choice at any time as he/she wishes. It is the right of any party member and one is free to exercise it. But what is of grave concern is that the four comrades in question are not just ordinary members of the party but elected officials holding very senior and strategic positions.

As members of NAC, part of whose functions is to supervise all elections - Presidential, Parliamentary, District Councils etc (Section 6.10.11.1 of the 1995 APC constitution) or members of the party Secretariat, these officials whilst they hold such positions, should not conduct themselves in the manner stated above. Doing otherwise as in this case is a breach of our party constitution and the tenets of our internal democracy.

Mr. Chairman and Leader, I recall that you have repeatedly warned against comrades holding elective office and positions of trust aligning themselves to aspirants for any position in the party. Unfortunately, this warning has not been heeded.

This conduct of our comrades could derail peace and unity within our party and undermines the trust and confidence that I together with many other comrades have in their leadership.

Under the given circumstance, the needful thing our comrades should do is resign from their respective party positions so to save our party from plunging into further mistrust, disaffection and division. We need to come together as a team and work in the interest of the party. I pray that under your leadership, this is realised and that victory in the 2023 elections is gained. God bless you, God bless the APC. In highest esteem, Chairman and Leader.

Yours sincerely,

.....
