ENVIRONMENTAL CONDITION OF FREETOWN.

I write in relation to the above subject and to the numerous calls and complaints relating to same.

There has been a rise in the public outcry in relations to the level of filth and unattended garbages in and around the streets in the Freetown Municipality.

This situation has also been raised by State Agencies, thus making it alarming and so require an urgent meeting to look into the situation and map out strategies that can be implemented in a bid to restore the clearing-ness of Freetown and to do away with the garbages around the municipality.

As a consequent to the above, you are hereby invited to a meeting with your Mayor scheduled for Monday 20<sup>th</sup> July 2021 at the Conference Room of the Ministry at 10: 00 am.

By copy of this letter the following agencies are equally urged to attend:
