**PRESS STATEMENT ON THE CONDUCT OF CERTAIN ALLEGED
MEMBERS OF THE C4C PARTY AT THE SUSPENDED APC PARTY
PRIMARIES IN KONO DISTRICT**

Date: Wednesday, September, 1 2021

The C4C Party is alarmed by the alleged actions of certain people believed to be its members, during the primaries of the APC Party in Kono District to elect members for their Emergency Delegates Conference.

It is the wish of the C4C Party to declare in that respect that it unequivocally condemns and abhors those actions and individuals alleged to have overtly taking part in the activity of a political party of which they are not a member.

The Party views this as a blatant interference in the activity and business of another political party and it also tantamount to anti party activity.

The C4C Party is a respecter of democratic values and principles and will therefore not tolerate it members to interfere or undermine the activity or business of another political party, overtly or covertly. We also wish to let it be known that the C4C Party believes in democratic competition to win the hearts and minds of its compatriots.

To address this unfortunate occurrence therefore, the party will invoke Article 15 of its Constitution and implore the National Coordinating Committee (NCC) to institute an immediate investigation into the allegations.

In this vain, while awaiting the establishment of the commissioned NCC Investigation Panel, the C4C Party wishes to disassociate itself from those members alleged to have involved in the APC Party primaries until such a time when the investigation comes out with its findings.

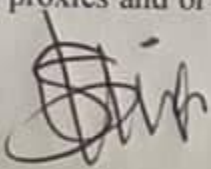

In view of this, the party wishes to assure all and sundry that the party will not cover-up it's findings and will present it to the PPRC and the general public. The

party also wishes to assure all and sundry that appropriate actions would be taken against any defaulter in line with the prescriptions outlined in Article 15 of the C4C Party Constitution.

Finally, the Party wishes to assure the people of Sierra Leone that it will continue to uphold at all costs, the soul and sanctity of the Nation First mantra at all times and it will never also allow proxies and or renegades to dilute or contaminate that value.

Hon. Saa Emerson Lamina

Minority Leader C4C-HOP

End.
