

BUILD BACK SIERRA LEONE

Dr Samura Matthew Wilson Kamara

- 11 November 2021 -

Statement from SamuraKamara2023 Flag Bearer Movement

#HaveHerBack

"The hugely surprising and unexplained indefinite suspension of the Auditor General and her Deputy in the Sierra Leone Audit Service is very much unprecedented. This action of the government puts a big and irreparable dent on Sierra Leone's democratic and governance building credentials. Even more worrying is that this action derails and places in massive doubt what is required of Sierra Leone to support and advance our womenfolk in our national political, governance, economic and workplace.

It also clearly demonstrates how we don't, as a country, care to support and promote the "HAVE HER BACK" global Campaign.

I strongly urge the Government to reconsider and reverse its action if nothing else but for the sake of President Bio acting on his widely publicized promises of running an accountable, inclusive and gender-friendly government."

Dr Samura Kamara
