8th April, 2022.

PRESS RELEASE

The attention of the Tertiary Education Commission (TEC) has been drawn to a Press Release issued by the African Graduate University (AGU) dated 4th April, 2022 in which it disassociated itself from having any dealings with the Illegal Dominion Christian University and claiming to be registered with the Government of Uganda.

For the records, the African Graduate University (AGU) is not an accredited Institution by the Tertiary Education Commission. The AGU applied to the TEC for accreditation as a University in Sierra Leone. The TEC Experts on institutional development and registration evaluated the institution and found their application unsuitable for accreditation as a University in Sierra Leone.

The Promoters of the AGU were informed officially on the outcome of the evaluation by the Commission in a letter dated 8th May 2020 and were advised not to submit any further application to the TEC for the next two years. Since then the TEC has not received any formal application from the AGU.

The TEC wishes to inform the general public that AGU is not accredited and/or recognized in Sierra Leone. Any one in possession of their degrees should understand that such degrees should not be used for gainful and other purposes in Sierra Leone.

The public is therefore urged to disassociate from any engagement with the AGU.

Tertiary Education Commission.
