

**PRESS RELEASE
SECURITY SECTOR**

FREETOWN (6TH AUGUST 2022) – The Security Sector has been closely following social media audio, video and text messages inciting the public to demonstrate against the state.

The security sector wishes the public to know that no group or group of persons have requested for permission as required by law, either verbally or in writing, from the police to hold such demonstrations. Nobody has come forward as leader or organizer of such events.

In this regard, the security sector would like to advise all citizens to go about their normal business, and not heed to calls for faceless demonstrations.

The security sector is firmly in control and remains committed to its obligation to secure all citizens and their properties, and will ensure that all necessary actions to make the country stable are taken without fear or favour.

SIGNED:

**ABDULAI CONTAI
NATIONAL SECURITY COORDINATOR
FOR AND ON BEHALF OF THE SECURITY SECTOR**
