PRESS RELEASE

SUSPENSION OF LICENCE TO OPERATE STAR RADIO & TELEVISION

The public is hereby informed that the National Telecommunications Commission (NATCOM) has suspended the licenses of STAR RADIO and TELEVISION to operate and broadcast.

The suspension follows a breach in the licenses conditions pursuant to sections 30 and 65 of the NATCOM Act 2006 (As Amended).

This action was taken after several correspondences and meetings relating to the licenses conditions between the Commission and STAR RADIO and TELEVISION, which the management of STAR RADIO and TELEVISION failed to follow through
