Dear IGP,

NOTICE OF PLANNED PEACEFUL PEOPLE'S PROTEST TO BE ORGANIZED BY PEOPLE'S POWER IN POLITICS (PPP).

We are informing you that we are organizing another peaceful, unarmed, and carefully organized People's Protest against President Julius Maada Bio and his administration for a range of hard pressing issues affecting ordinary citizens.

Over the course of the last four (4) years of the Bio administration, our organization has gathered evidence from reliable sources of serious allegations of massive corruption in high places, including the president's office, unreported Human Rights violations involving government officials, and violations of the National Constitution which the administration has either taken no steps to address or downplayed.

Our organization has recorded countless state-sponsored murders of defenseless citizens targeting residents of the Western Area, Urban and Rural, the North, North-west, and part of the country's East.

The people's grievances will be catalogued in a letter to be delivered to the government on the day of the protest.

We request that you use your good office to provide unarmed security for the people who will be out on the day of the protest, which will be communicated to you in due course.

On behalf of PPP, I thank you for your attention and for faithfully holding your oath of office to serve the people of Sierra Leone.

Your faithfully,
